## A COMMITMENT TO THE GOLD COAST FROM BENSONS PROPERTY GROUP

At Bensons Property Group, we understand how people want to live. Our vision is to provide exceptional residences and premium experiences, while making a positive contribution to local communities.

Our family business has a 25 year track record of delivering luxury beyond the expected. In that time, every project we have taken to market has been completed, totalling over \$2 billion of iconic residential property.

Our latest vision, Chevron One, is no exception. Architecturally drawing reference from the world-famous surroundings, we have created an iconic residential development with resort quality amenities.

Having always been a strong supporter of the arts, Bensons have heavily invested in commissioned artworks for Chevron One, helping align Chevron Island with neighbouring HOTA as the Gold Coast's arts precinct.

I invite you to discover Chevron Island, and more specifically our vision for Chevron One.

Yours sincerely,

THE INTERIORS

A BENCHMARK  
FOR QUALITY

The interior and exterior living spaces of Chevron One feature beautiful finishes, light-filled spaces and spectacular views. In addition, a selection of lighter or darker interior colour schemes influence select details throughout the residences.

RELAXED AND  
REFINED SPACES

**A LIFE IN HARMONY**

Spacious open plan living showcases intelligent and elegant use of space. In harmony with the architecture, large expanses of glazing reveal enviable views and natural light creates spaces for relaxation and entertaining. Wide engineered timber floorboards add warmth and texture, running seamlessly throughout.

**INDOOR/OUTDOOR LIVING**

Generous, sweeping balconies offer expansive views of Surfers Paradise, the hinterland, the river, sandy beaches and the ocean. These expansive spaces offer a unique al fresco experience throughout the year, suited to all seasons.

**KITCHEN – DESIGNED BY SHANNON BENNETT**

Designed by celebrated chef Shannon Bennett, kitchens feature Miele appliances with exclusive features in the penthouse levels. Dressed in engineered stone with modern tapware, luxury is present in every detail. Classic and Modern schemes feature accents in tones of ivory and taupe, while the darker Avant-Garde and Nouveau schemes feature charcoal tones offset by rich deep accents.

**LUXURIOUS SANCTUARIES**

Large bedrooms with neutral walls and plush wool-blend carpets provide opportunities for residents to add their personal sense of style. Textured wood-grain cabinetry to the en suites adds warmth and beauty, while reverse cycle concealed system air conditioning provides optimal comfort all year round.

**YOUR PRIVATE ESCAPE**

Beautiful bathrooms feature semi-frameless glass showers and wall-mounted vanities, illuminated by ambient lighting. Wood-grain cabinets enhance the sleek design, while spatial use of mirrors adds depth and light.
